ATTN OF: DT

U-215/DT

SUBJECT: Weekly S&T Intelligence Briefing Schedule (1 Dec 81-30 Jun 82)

TO: DT-1 DT-2 DT-3 DT-4

It is absolutely necessary that each responsible DT Project Officer be provided by his Division with a copy of this memorandum for his own planning and for tasking the supporting organizations. This has not always been done in the past. A standard format tasking message is used for the production agencies. Division level secretaries can provide the format for the tasking message, and it should be sent as soon as possible to avoid inadequate alerting to the production agencies. Please contact Mr. DeRoze for any requested changes or special topic additions to the schedule shown below:
